

Functional Requirements:

RF-01: The system must allow a student to reserve an available sports court for individual or informal activities

RF-02: The system must allow official team captains to reserve sports courts

RF-03: The system must give official university teams priority when reserving courts before 6:00PM

RF-04: The system must allow a student to cancel their own reservation

RF-05: If a student cancels a reservation at least 2 hours before its start time, the system must register the action as a normal cancellation

RF-06: If a student cancels a reservation less than 2 hours before its start time, the system must register the action as a no-show

Non Functional Requirements:

RNF-01: The system should respond to court availability, reservation, and cancellation requests within 2 seconds under normal operating conditions

RNF-02: The system should be available at least 99% of the time during the university's normal operating hours

RNF-03: The system must authenticate users with their university credentials

RNF-04: The system must restrict each student to viewing and cancelling only their own reservations, while administrators may manage courts and resolve reservation conflicts

RNF-05: The system must prevent two users from successfully reserving the same court for overlapping time periods, including when requests are submitted concurrently

RNF-06: The system must record reservation creation, cancellation, no-show, completion, and administrative conflict-resolution events with the responsible user and timestamp
